Article 3: Tickets

3.1 General Provisions

(a) Subject to proof of the contrary, the Ticket constitutes prima facie evidence of the existence, the conclusion and the content of the Contract of Carriage between the Carrier and the Passenger whose name is shown on the Ticket.

(b) The Carriage service is only provided to the Passengers named on the Ticket. The Carrier reserves the right to check the identity documents of the Passengers. Passengers must therefore be able to provide the Carrier with sufficient proof of their identity, as well as, the identity of those for whom they are responsible, at any time during their journey.

(c) A Ticket may not be transferred, subject to applicable law and regulations in force, in particular relating to Package Travels. If a person other than the Passenger named on the Ticket presents a Ticket for Carriage or refund purposes, and the Carrier, acting in good faith, carries or refunds the person who presents the Ticket and later on it is established that that person is not the Passenger named on the Ticket, the Carrier shall not be required to carry the Passenger or refund the Passenger and the Carrier shall have no obligation or liability whatsoever towards the Passenger.

(d) Certain Tickets, which are sold at specific Fares, are partially or totally non –changeable and/or refundable. It is the Passengers responsibility, when making their Reservation, to consult the conditions applicable to the use of the Fare and, where necessary, to take out appropriate insurance to cover the risks associated therewith.

(e) As the Ticket is subject to mandatory formal conditions the Ticket shall at all times remain the property of the issuing Carrier.

(f) With the exception of Electronic Tickets, Passengers shall only be carried if they are able to present a valid Ticket that contains the Coupon that corresponds to the flight concerned

TUS Airways General Conditions of Carriage for Passengers and Baggage

and all other unused Coupons, as well as the Passenger Coupon together with supporting documents of their identity and/or those under their responsibility. Moreover, a Ticket that is damaged or has been modified by a person other than the Carrier or one of its Authorized Agents shall not be valid for Carriage. For Electronic Tickets, Passengers must provide proof of identity and shall only be carried on a flight if a valid Electronic Ticket has been issued in their name.

(g) In the event of loss of or damage to or mutilation of all or part of the Ticket or non-presentation of a Ticket containing the Passengers Coupon and all the unused Flight Coupons, the Carrier may replace all or part of said Ticket on the request of the Passenger. This replacement will be in the form of a newly-issued Ticket, provided that when the request is made, the Carrier has evidence that a valid Ticket was issued for the flight(s) concerned, and proper proof of the Passenger's identity and/or those under their responsibility is provided to the Carrier. The Carrier that reissues the Ticket shall charge the Passenger Administration Fees for reissuing their Ticket, unless the loss or damage was due to the negligence of the Carrier, or its Authorised Agent.

If no evidence is provided by the Passenger that a valid Ticket was issued for the flights concerned, the Carrier reissuing the Ticket may require the Passenger to pay the Fare Including Tax of the replacement Ticket. This payment will be refunded when the Carrier has proof that the lost or damaged Ticket was not used during its validity period or, if, during said same period, the Passenger finds the original Ticket and submits it to the Carrier, subject to the reasonable Administration Fees as referred to above.

(h) It is the Passenger's responsibility to take all measures which are necessary to ensure that the Ticket is not lost or stolen.

(i) If a Passenger benefits from a fare reduction or a Fare that is subject to specific conditions, the Passenger must be able, at all times during their journey, to provide the Carrier's officials or agents with appropriate supporting documents justifying the granting of this specific Fare, and to prove the validity thereof. Failing this, a fare readjustment, equating to the difference between the Fare including Tax initially paid and the Fare Including Tax that the Passenger should have paid, will be made or the Passenger will not be allowed to board the aircraft.

3.2 Validity Period

(a) Unless otherwise provided for on the Ticket or in these General Conditions of Carriage, and except for Fares that affect the validity period of a Ticket, as stated on the Ticket itself, a Ticket is valid for Carriage:

- For one year, as from the date of issue thereof, or,
- For one year, as from the date of use of the first Coupon, provided that such use occurs within one year of the date on which the Ticket is issued.

(b) If a Passenger in possession of a valid Ticket is unable to travel during the validity period of their Ticket solely on the ground that, when the Passenger requests a Reservation on a flight, the Carrier is not in a position to confirm the Reservation requested by the Passenger:

- Either the validity of said Ticket shall be extended until the first available flight; or
- Fare Including Tax for the Ticket will be refunded, under the conditions provided for in Article 14 (Refunds) below; or
- The Passenger will accept a corresponding fare readjustment.

(c) If, after having started their journey, a Passenger is prevented, for health reasons, from continuing such journey during the validity period of the Ticket, the Carrier will extend the validity of the Ticket until the date on which the Passenger is once again in the position to travel on which space is available in the class of service for which the fare has been paid or, if later, until the date of the first available flight on which space is available in the class of service for which the fare has been paid, upon presentation of an appropriate medical certificate stating the health reasons that prevented the Passenger from continuing their journey and provided that these health reasons were not known when the Reservation was made.

The said extension shall only start at the point at which the journey was interrupted and shall be valid for Carriage in the class of the Fare initially paid. The validity of the Ticket shall be extended for not more than three months from the date shown on the medical certificate submitted. In the same way and subject to compliance with the conditions of proof specified above, the Carrier may, on the request of the immediate family members who were accompanying the Passenger at the time such health problems caused the Passenger to discontinue their journey, extend the validity of Tickets.

TUS Airways General Conditions of Carriage for Passengers and Baggage

(d) In the event of the death of a Passenger en route, the Tickets of the persons who are accompanying the deceased Passenger shall at written request be changed to such Passengers, either by waiving any minimum stay requirements or by extending the validity period of said Tickets. In the event of a death in the immediate family of a Passenger whose journey has commenced, the validity of their Tickets and of those of their immediate family accompanying them may be likewise modified. Any such modification mentioned above may only be made upon receipt of a valid death certificate. The extension mentioned above shall only start at the point at which the journey was interrupted and shall be valid for carriage in the class for which the Fare Including Tax has been paid. Any extension may not exceed forty-five (45) days as from the date of death.

3.3 Flight Coupon Order of Use

(a) The Fare Including Tax applied on the Ticket issue date is only valid for a Ticket used fully and in the sequential order of Flight Coupons, for the specified journey and on the specified dates. Any non-compliant use will result in a recalculation of the Fare under the conditions defined below.

(b) The Fare, established on the basis of the details, flight dates and routes mentioned on the Ticket, corresponds to a Place of Departure and a Place of Destination, via a Stopover scheduled when the Ticket was purchased and forms integral part of the Contract of Carriage. Any changes herein may lead to changes in the Fare Including Tax.

(c) A change of the Place of Departure or a Place of Arrival for the journey by the Passenger (for example, if the Passenger does not use the first Coupon or does not use all the Coupons or if the Coupons are not used in their issue order) will result in a change in the Fare Including Tax initially paid by the Passenger. Many Fares Including Tax are only valid on the date and for the flights specified on the Ticket. In the event of a change as outlined above, the Fare will be recalculated and the Passenger may, as a consequence of the recalculation, be required to pay an additional Fare [or to be entitled to a refund, as the case may be, in accordance with the present Conditions of Carriage] equating to the difference between the Fare Including Tax initially paid and the Fare Including Tax that the Passenger should have paid when the Ticket was issued for the journey actually made by the Passenger. In addition, in the event of a change as outlined above, Administration Fees will be applied, where

TUS Airways General Conditions of Carriage for Passengers and Baggage

applicable. When that is the case, the Passenger will be informed thereof when such a change is requested.

(d) If the Passenger does not use all their Flight Coupons and prematurely interrupts their journey, the Passenger will be required to pay a fixed amount, in order to be able to retrieve their Checked Baggage.

3.5 Changes requested by a passenger

Changes that the Passenger wishes to make are subject to the fare conditions attached to their Fare and to payment of the applicable Administration Fees.

3.6 Identification of the Carrier Carrier's identification may be shown as an abbreviation on the Ticket using its Designator Code (as defined in Article 1). The Carrier's address is deemed to be that of any one of its registered offices or principal place of business.

Article 4: Fares, Fees, Taxes and Charges

4.1 Fares

Except as otherwise provided for, Fares for Tickets apply solely to Carriage from the airport at the Place of Departure to the airport at Place of Destination. Fares do not include ground carriage between airports or between airports and town terminals. The Fare shall be calculated in accordance with the Fares in force on the Ticket Reservation date, for a journey scheduled on the dates and for the itinerary shown on said Ticket. Any change in itinerary or journey date may have an impact on the applicable Fare. The applicable Fares are those published by the Carrier or calculated thereby, in accordance with the fare conditions in force for the stated flight(s) from the Place of Departure to the Place of Destination, for the relevant class of carriage, on the Ticket Reservation date. When making a Reservation the Passenger shall be informed of the Fare Including Tax for the Ticket and the Issue Fees as well as the overall Fare of the Ticket (comprising the Fare Including Tax and the Issue Fees).

All fees, taxes, or charges imposed by governments, by any other authorities or by the airport operator shall be paid by the Passenger. To the extent possible when making a Reservation for their Ticket, Passengers will be informed of said fees, taxes, or charges, which will be charged in addition to the Fare Excluding Tax and which, in most cases, will be shown separately on the Ticket. These fees, taxes, and charges may be created or increased by a government, another authority, or by an airport operator, after the Ticket Reservation date. In this case, the Passenger must pay the corresponding amount. Inversely, if the fees, taxes, and charges are reduced or abolished, the Passenger may be refunded for the reduced or abolished amounts in accordance with the present Conditions of Carriage.

4.3 Issue Fees Charged by the Carrier

The Passenger may be charged Issue Fees in consideration for issuing a Ticket. Issue Fees differ depending on the type of journey, the Fare and the Ticket distribution channel. These Issue Fees are added to the Fare Including Tax. The Issue Fees charged by the Carrier, where applicable, are non-refundable, except where a Ticket is cancelled due to an error on the part of the Carrier. The Passenger shall be informed of the amount of Issue Fees that will be charged by the Carrier prior to finalization of their Reservation. The Issue Fees charged by TUS, if any, is available from the Carrier and on the TUS Website.

4.4. Payment Currency

The Fares Excluding Tax, Taxes, Issue Fees and Administration Fees are payable in the currency of the country where the Ticket was purchased, unless another currency is specified by the Carrier or its Authorised Agent when the Ticket is purchased or beforehand (for example, due to local currency not being convertible). Moreover, the Carrier may, at its discretion, accept payments in another currency.

5.1 General Provisions

Reservations will only be confirmed when they are recorded in the Carrier's computerized reservation system. On the request of the Passenger, the Carrier shall provide a Reservation confirmation.

The Carrier reserves the right to cancel or request cancellation of any onward or return reservations.

The type of aircraft indicated to the Passenger at the time of Ticket Reservation or subsequently is given for their information purposes only.
